

FMFGA – Bundle Management

All FMFGA Memberships are set up to handle family members. **Families are the primary member, their spouse, and dependent children to age 18.**

The primary member will become the Bundle Coordinator when adding family members. The family members are Bundle Members. Please contact fmfgainfo@gmail.com if the spouse requires a gate access code in addition to the primary member, as the gate codes CANNOT be used on more than one device.

After logging in to the membership site, click your name on the top right to access your profile. It is here you can add Bundle Members.
